

Public Procurement Monitoring Ecosystem

DOZORRO

Anastasiya Kozlovtseva

Head of International Relations and Development

Transparency International Ukraine

FOCUS AREAS

**Anti-Corruption
Infrastructure**

**Public Procurement
Oversight**

**Transparent
Cities**

LAUNCH OF ePROCUREMENT SYSTEM

- Golden triangle of partnership
- Principle “everybody sees everything”
- Open source technology based on OCDS
- More than 3 million tenders conducted through Prozorro
- Recognised worldwide

Civic society:
administration
during pilot
stage and
monitoring

Government:
regulations and
data
administration

**Commercial
platforms:**
service for
procurers and
bidders

DOZORRO

MISSION

To unite the civil society in watchdog activities **to ensure access and fair play** among public procurement stakeholders

DOZORRO impact areas

Developing civic tech for open data to analyse and to monitor public spending

Providing unique feedback loop on public procurement via dozorro.org

Raising awareness through educational materials and events

Giving voice to local stories

Training and capacity building for watchdog activists

A strong civil society community in the regions all over Ukraine

DOZORRO

The organization has developed and regularly upgrades

3 BI modules:

- public,
- professional,
- medical

Success Cases

- Journalists help to lower the price of oxygen concentrators in Odesa and saved USD 75 500
- Price for masks ordered by the railway lowered by 99,5% after the publication of investigation
- Collusion detected in procurement of school and kindergarden protection equipment from lightning. Fine applied USD 8000

Our achievements

1,5 million unique
DOZORRO users

152 000 users
of Open BI

300 certified
professional BI users

more than 30 000
violations
identified

more than
35000 appeals to
control bodies

3700 “wins” and **48**
opened criminal
proceedings

We use open-source open-data OCDS tools and that makes our civic tech highly transferable – **DOZORRO-tools are used by NGOs in Moldova and Poland**

Our achievements

We are listed in **top 12 projects worldwide** for citizen watchdogs

DOZORRO was featured by FORBES magazine

We successfully advocated introduction of mandatory **risk-based monitoring in Ukrainian government** – State Audit Service started a pilot of online public procurement monitoring in 2018 and changes to the Law on PP in 2019.

We use open-source open-data OCDS tools and that makes our civic tech highly transferable – **DOZORRO-tools are used by NGOs in Moldova and Poland**
